DATE- 25th JULY 2022

Dear Parents,

For the all round development of the students in the co-scholastic field, we are introducing the Shooting Sports with a collective group of competitive and recreational sporting activities involving proficiency tests of accuracy, precision and speed in shooting, using various types of ranged weapons.

We take our first step towards popularizing shooting at the school level in collaboration with CISF.

Shooting assists in improving child's balance, stability and eye-hand coordination.

You are requested to send your consent in the school Almanac with your ward in the format given below for attending the workshop on 27th July ,2022 within school hours in the school campus

Thank you.
