

BBPS/KGN/CIR-95/2022-23

Date-28th October 2022

BENEFITS OF ABACUS EDUCATION

- Can learn up to one thousand (1000) hills
- Can do addition, subtraction, multiplication and division (Plus, Minus, divide Multiply) even faster than calculator
- Can learn Square & Square Root up to 999
- Abacus increases the concentration of children, due to which the biggest answer is remembered for a long time after reading it once.
- Abacus increases the ability to think and the power of imagination, which the child is always ready to give his accordion speech in any subject.
- Abacus increases self-confidence which is very important before any exam.
- Learning Ability increases which is very important for every child.
- Increases the ability to read quickly
- Listening ability increases
- Increases photographic memory, which is necessary for children to remember for a long time

Dear Parents,

Your ward has already attended an Abacus Workshop organised in the school.

You are requested to fill the consent form for your ward to attend the Abacus classes in school for this academic year by 31/10/22

Consent Form Link-
