## FROM WELL WISHERS

Our journey of collaboration with OLL has been amazing, it is a remarkable platform providing us a variety of courses which will help teaching our students lifeskills

**MS. PERIN BAGLI | ICSE MAHARASHTRA HEAD | ACTIVITY HIGH SCHOOL | MUMBAI**

I have been seeing the change of parents from academic mindset to skill development mindset, and I think OLL will play a huge role in that change and will be a revolution to Indian education

**DR. AMRITA VORA | DIRECTOR | GEMS INTERNATIONAL SCHOOL, GURGAON**

We made a fire-detecting robot with backward logic which will help the Fire Departments to detect & extinguish the fire in the early stages... A great experience to learn new fun, cool and exciting things

**KRISHN BHAIYA | STUDENT | SHISHYA SCHOOL | CHENNAI**

OLL Robotics Training is a great learning experience for everyone and should be shared with the whole world.

**MR. ADITYA DAMANI | TEACHER | AMEYA WORLD SCHOOL | TELANGANA**
