Club Activity

Report

NAME OF CLUB: Scientific Skills Club

NAME OF ACTIVITY: Earth Day

DAY & DATE: 19th April 2023

CLASS/CLASSES: VI to VIII

Students prepared model on 3R's and explained how we can Reuse, Reduce and Recycle.

Students performed some activities and prepared models on given theme 3Rs' and explained how we should Reuse, Reduce and Recycle. Students were encouraged to come up with innovative ideas to reuse and recycle waste materials. The result was an array of bright, smart, useful products ranging from multi purpose rack, piggy bank to wall hangings and pen stand. It was an enlightening and fun activity for all the students.

Students will be able to:-

- Explain different methods of waste disposal.
- Determines what garbage items can be reduced, reused or recycled.
- Explain some of the major problems that waste disposal causes.
- Describe the different steps involved in integrated waste management.
- Identify ways engineers are involved in 3RC and solid waste management.
