### **Advisory for Students' Road Safety**

Students come to school by various modes. It is important to maintain road safety at all times.

\*Students reaching school by foot\*

\* At times students walk in the middle of the road while travelling to & fro.

\*Students traveling by foot should walk on the pavement and not on the middle of the road.

\* While crossing the road the students must look right, left and then again right before crossing to the other side.

\*Playing on the road should be discouraged as chasing after a ball/ throwing things at each other might lead to a serious accident.

\*Students being dropped to school by Car\*

\*Students to always wear a seatbelt.

\*Students to avoid distractions of any kind, so as not to disturb the driver with loud music or by talking on the phone.

\*At no times the speed limits should be crossed especially near the school.

\* All must follow the traffic signals, rules for one-way traffic.

Failing to follow traffic rules may lead to accidents.

\*Maintain lane discipline at all times

\*Be careful while driving during bad weather.

\* Always remember to overtake from the right side.

\*Give way for emergency vehicles.

\*Students being dropped by two wheelers

\*Both the driver and passenger to wear helmets.

\*The traffic lane should not be crossed for overtaking.

\*From the helipad the round turn should be taken as per the guidance of the traffic volunteers.

\*Avoid speeding and overtaking especially near the school gate and lane.

\*Students coming to school by bicycle\*

\*Students to wear helmets at all times while riding their bicycles.

\*Students should not ride on the middle of the road but stay in their respected lanes

\*Driving at a great speed especially on bends and crossings should be avoided.

\*Students must ensure they have a bell attached to their bicycles and utilise it at the appropriate times.

\*During rainy weather students should avoid splashing in puddles to avoid disbalancing.

\*Our safety is in our own hands, please maintain it\*

Thank you.
